REVIVAL MISSION

From the rising of the sun, even to its going down,
My name shall be great amongst the nations Mal 1:11

Singapore July 2021

A wise man build his house on the rock

"Therefore whoever hears these sayings of Mine, and does them, I will liken him to a wise man who built his house on the rock: and the rain descended, the floods came, and the winds blew and beat on that house; and it did not fall, for it was founded on the rock.

"But everyone who hears these sayings of Mine, and does not do them, will be like a foolish man who built his house on the sand: and the rain descended, the floods came, and the winds blew and beat on that house; and it fell. And great was its fall." Matt 7:24-27

"As you therefore have received Christ Jesus the Lord, so walk in Him, rooted and built up in Him and established in the faith, as you have been taught, abounding in it with thanksgiving" Col 2:6-7

We want to thank you for your prayer, support and interest for this mission work. We always thank God for you and we keep all our partners in our prayer. In this time of great challenges, God gives us grace to train, teach, encourage and help our co workers on the mission field with different support and aid in Nepal, India and Vietnam.

We are living in a very special time and we have many signs that the rapture of the church and the second coming of our Lord and Savior Jesus Christ is soon coming. It gives us a blessed hope when we look at Jesus and not build our life upon sinking sand but on a rock that gives us encouragement and security in this turbulent world. We don't need to be led by the circumstances of life, but we walk by faith and rest in the grace that God has provided for us by His Son Jesus' finished work. The Christian faith has given so many people and the nations, a strong foundation, which leads to peace, security, freedom and prosperity,

It is sad to see nations that have been so blessed because of their Christian faith began to reject and

despise it. We don't live in a perfect world and as a church we are not perfect in our walk, talk and deeds but when we put our trust in God's grace, his blessing, protection and goodness will shield and protect us from the evil in this world. Let us as believers in Jesus be bold and strong in the Lord as we build our life upon a sure foundation and let the good shepherd be the light and guide for our ways. As a believer in Jesus, we have something that will overcome and conquer the evil powers in this world, as we know who our God is and know our identity in Christ. Jesus is the rock of our salvation. *"For the Scripture says, "Whoever believes on Him will not be put to shame." Rom 10:11*

Grace and peace be with you!
Shalom from Øyvind and Sherry

Nepal: Despite the mounting challenges in Nepal with a new wave of Covid-19 in May and the new restrictions of movements, there were also positive things that took place. We have seen many people responded to the gospel and new house groups and churches have been started. Only in the last five months, we have registered 677 people baptized and 30 new house-groups and churches has been started. New workers have been trained through our zoom-leader training where we gathered 25 students from different villages for 4 days of intensive training on our "Trust House" training center in the province of Chitwan. We just finished the third and the last course before the country was lockdown again. All the 25 students received their diploma after the completion of the 3 months of disciple training and were send out as harvest workers. We hope we could start again with a new group of students in July or August. Before the lockdown we also had regular Pastor and Leader seminars where we brought together local pastors and church leaders from

different villages for a one whole day seminar where we taught online through the big screen and supported all the meals for the delegates. We also supported the local evangelists, bringing the gospel to the unreached villages, whereby new house-groups and churches have been started. During this second lockdown many people were very much affected and suffered, due to the shortage of food, essentials and medicine, and we again started social initiative projects to reach the most needed. It has been a big cry for help and by the grace of God we have been able to help many people with food and essentials. As at writing, our teams are reaching out to people in great need. Thank you for your support that makes this possible. Nepal is still in lockdown and this second wave has brought much sufferings and even death. But we are seeing now that the situation has change a little and seems brighter, but it is still quite bad and there is much hopelessness, fear and suffering among the people.

India: We had just finished our regular 3 day's pastor and leader seminar according to our plan, in Orissa, India before the second wave of covid-19 and lockdowns started. We had very good response from the delegates coming from different district in Orissa for the 3 whole days seminar in Pastor Sam's training center. Through the big screen online, we were able to bring a message of faith that encouraged the pastors very much. It seems now we are able to start again in July with a new seminar. Orissa was not the most affected area by the second wave of the pandemic, but the government totally close down the state. However the pandemic situation in India was very serious for a while, but took a turn when some states started giving their population medicine kits and the number of deaths fell dramatically.

India was also hit by cyclones and bad weather in May. We were able to help two local village churches with new church roof after it was damaged by the cyclone. May was a time of much death and sad happenings in India and also Nepal. Pastors pass away and some of our very close friends went home to be with the Lord. One of our contact leader that has been helping with our campaign and revival meetings in Assam was almost killed in a traffic accident and he was hospitalised for a long period. He is recovering home now and we have been able to help and support him financially. We are now planning to have online classes with Himalaya Bible Center which we are also supporting, they are located on the foot of the Himalayas on the border of Assam and Arunachal Pradesh. We have invested in equipments like big tv screen and speakers, and we planned to start the sessions in July for the

students at the bible school and then following that, regular seminar for our network of pastors in North East India. As the North East opened up again, we have received some good reports of people getting saved and baptized, especially with the most unreached tribe. With the harvest workers being equipped at the bible center and being send out to preach the Gospel and starting new churches under difficult circumstances, they need our prayers and support. A new church building was also open recently by our contact leader and director of the bible school.

Vietnam: Here, we are having regular zoom meetings and we have many good feedbacks of people being encouraged and even heal during our zoom meetings. Pastors and leaders have been attending from different cities in Vietnam and even in Norway and US. Due to the pandemic lockdown, our plan for online teaching seminars in May had to be put on hold, we had already invested in equipments and were ready to start the teaching seminar in different parts of Vietnam. We hope we are able to start very soon again when groups are allowed to gather again.

Pakistan: In the month of June, for the first time we had seminar meeting through zoom in Lahore. We had around 300 that attended the meeting where we taught and provided for a meal for the people that attended. We had good reports from the teaching seminar and we will have another one in July.

Please keep us and our co-workers in different nations in your prayer, that the Lord leads us, provide and protect us, so that we can be effective and fruitful in the ministry.

It is a difficult time to do mission and we need to be very flexible and sensitive for the leading of the Holy Spirit. By the grace of God, we experience progress in the midst of many difficulties.

We pray that the Lord, the good Shepherd will lead you and your loved ones, fills you with joy, peace and that the favor of God surrounds and shield you in all your ways.

Thank you very much that we are able to share with you from what the Lord is doing through the ministry. You are most welcome to sow into this ministry, please refer to our website for giving info.

With love from Oyvind and Sherry

Graduation ceremony for the disciple training in Chitwan, Nepal. Pastor Luke and Manik preaching and baptising.

Distribution of food and essentials in different villages during the lockdown in Nepal .

Pastor seminar and the Project Roof in Orissa, India .

Opening of new church in Assam.

GO OUT TO ALL THE WORLD AND BRING THE GOSPEL OF THE GOOD NEWS OF JESUS CHRIST TOGETHER WITH US!

WE NEED YOUR SUPPORT! We thank God for his faithfulness and for giving us the opportunity to preach the Person of Jesus Christ, and bring the Word to the mission fields. And where the Gospel is preached, the people are transformed by the washing of the Word, Eph 5:26. There are always needs in the ministry, and we believe that God wants us to increase, expand and move forward in the things He put in our hearts. You can partner with us and together, we could go & bring the good news of Jesus Christ to the nations. **We value every single financial gifts, big or small, that comes into our ministry, everything starts with a seed, a seed sown will bring about a harvest.** From our hearts, we want to say thank you, by your prayers and giving for us to go, with the good news to the different nations. **May the favour and the grace of God abundantly meet all your desires and needs.**
