# REVIVAL MISSION

From the rising of the sun, even to its going down,  
My name shall be great amongst the nations Mal 1:11

**Singapore November 2021**

*For whatever is born of God overcomes the world.  
And this is the victory that has overcome the  
world—our faith. 1.Joh5:4*

*We are hard-pressed on every side, yet not  
crushed; we are perplexed, but not in despair; per-  
secuted, but not forsaken; struck down, but not de-  
stroyed..... And since we have the same spirit of  
faith, according to what is written, "I believed and  
therefore I spoke," we also believe and therefore  
speak. 2Cor 4:8-9,13*

The world seems to be entering into a very stormy time of insecurity and difficulty. Paul warned us about a perilous time, fierce, harsh and difficult time. "But know this, that in the last days perilous times will come" 2.Tim 3.1-2 . As believers in Jesus Christ, we will not go through the great tribulation, but we will be in the world as the birth pain and the shaking start and the devil is trying to introduce a new world order with a big lie of peace and prosperity.

We can explain the word Paul uses as a place surrounded, trap, snared in a fierce surrounding and it seems very difficult and depressing. But as believers in Christ, we can lift our head and look with the eyes of faith. You are born for such a time as this, born to overcome this world system. Not to be defeated but to do great exploits in Christ. And we have a covenant with God, we have the most powerful person in this world as our helper, The Holy Spirit and you have the living, powerful and created word of God in your mouth.

Grace is always greater than the mountains you face. God has a good plan for you and me. Having the blessed hope that Jesus is soon coming for his bride that we will be with him forever and rule with him in the millennium, that can be a reality in a short time. As believers in Jesus, we have such a great hope and therefore we need to remind ourselves constantly not to be blinded by the circumstances of life but to see beyond into the things not seen. We have the spirit of

faith and nothing can stop us and hinder us to run our race in victory.

We want to wish all our partners and friends a Happy Blessed Christmas and a Shalom filled-New Year. God has been good with us in 2021. It has been difficult for us and our ministry partners in different countries of our mission work. But we thank God for his faithfulness, and our mission partners your prayers and support. Even in very difficult circumstances, God has given us growth and fruits in our ministry as the mission work continues to grow. Many doors have opened for us and despite many mountains and walls arising in the front of us, we look to and relied on the power and the glory of God to take us to the places he has prepared for us and to prosper in the plans he has for us.

Our online meetings, the training seminars with pastors and leaders has been very successful and we have received many good feedbacks from the work. We have been able to stay in close contact with our co-workers and we have seen how they responded in faith and courage, to the changes they have encountered. As I write this newsletter, I am in Norway together with my family and we have also been having meetings in some local churches here. We are planning to go back to Singapore right before Christmas and we are praying to have ears to hear and eyes to see what God has for us in 2022.

The divine favor, protection and the provision of God shall be with you and your families. Amen.

With love from us.

**Merry Christmas and Happy New Year  
from Øyvind and Sherry**

## **Mission report from the fields:**

**Nepal** has experienced much difficulties as a nation and was look down as in the case like many other nations. But we have been able to run our online training programs and completed these training program with two groups of forty young adults. In our training program we brought these young adults together for an intensive 3 days, weekly training sessions for three months at our training center, The Trust House in the province of Chitwan. We supported them with housing, food and travel cost. They received a diploma when they completes the program. We also have regular online training sessions for pastor and leaders where we brought them together for a one day program where we teach and encourage them with God's word and we provided with meals and accommodations as many of these pastors come from the interior regions. I have been able to preach and teach through the big screen and with translator, as we have invested in some online equipments earlier. We also supported our contact pastors on their outreach programs and their help projects with daily essentials and food supplies for the many villages stricken with famine due to the Covid-19 lockdowns.

By the grace of God we have been able to help many villages, in the period of November to March, which is the dry season in Nepal, it is the best time for outreaches, right now there has been a big harvest of soul and new churches, house churches are being planted. Until now this year, we have never experienced bigger growth than what we have been seeing right now in Nepal. More than a thousand have been baptized and more than 30 new churches has been started and thousands of people have been able to hear the gospel, many for the first time this year. And we are conservative in our figures. The goat farm that we started to help, to support the community and the local ministry is progressing well and we were also been able to help provide our co-workers with different equipments to be more effective in their ministry.

**India** we have been focusing our work mainly in two areas. Our training center in the state of **Orissa** and **Arunachal Pradesh/Assam** in **North East India**. Assam was recently affected by heavy

floods and we supported help projects for food and essentials to those village areas that our contact is working in. These help projects also had opened a door for the gospel to be preached and we have seen many people coming to the Lord and they are also baptized and added to the local churches.

We also have started online training program at our contact pastor's bible school, Himalaya Bible Institute on the border of Assam and Arunachal Pradesh. We will soon bring together local pastors and leaders to the center for training seminar in November. These lessons are conducted through zoom on the big screen as we had done the same in Orissa and it has work very well.

In **Orissa**, we had regular online zoom pastor and leaders seminars in the training center there. There is a great hunger for the word of God in Orissa and we have been having very fruitful time where these pastors and leaders are coming from different regions in Orissa, we provided food and housing in the center run by our contact pastor.

In **Vietnam** we continue our regular zoom meetings. We are ready to start the leaders and pastor seminar when there is less restrictions due to the lockdowns. We already prepared and invested in equipments and will bring together pastors as soon as the conditions are more relaxed. There has been many testimonies of encouragement and healing coming in from our regular online meetings.

In October and November I had been in Norway and also had seven days ministry in Romania. Many young adults expressed their thankfulness for bringing the message of grace and the new identity in Christ. We had very strong meetings in the local churches and also in the youth meetings. In every meeting there was a strong move of God, many came to the Lord, many were touched by God's love and power. There is many opportunities and open doors in **Romania** and I will share more later with you.

Thank you for your prayers and support to reach the lost with the good news of the gospel. The best is yet to come. May God's glory and grace be with you as we enter into a time of great harvest of souls.

From our 7 days meeting in Romania in November. Many people accepted Christ and touch by God

From our pastor and leader's seminar in Nepal.

From our zoom meeting in Vietnam

From outreach in Nepal. People getting baptized.

Aid work in Nepal

Goat farm in Nepal

From Pastor and Leader's seminar in Orissa, India.

Teaching through big screen. Pastor & leaders in Orissa

From the Himalayan Bible Institute, North East India .

Lunch break in seminar Orissa Flood in Assam.

**GO OUT TO ALL THE WORLD AND BRING THE GOSPEL OF THE GOOD NEWS OF JESUS CHRIST TOGETHER WITH US!**

**WE NEED YOUR SUPPORT!** We thank God for his faithfulness and for giving us the opportunity to preach the Person of Jesus Christ, and bring the Word to the mission fields. And where the Gospel is preached, the people are transformed by the washing of the Word, Eph 5:26. There are always needs in the ministry, and we believe that God wants us to increase, expand and move forward in the things He put in our hearts. You can partner with us and together, we could go & bring the good news of Jesus Christ to the nations. **We value every single financial gifts, big or small, that comes into our ministry, everything starts with a seed, a seed sown will bring about a harvest.** From our hearts, we want to say thank you, by your prayers and giving for us to go, with the good news to the different nations. **May the favour and the grace of God abundantly meet all your desires and needs.**
